## 2020 Spring Striped Bass Tournament Tournament Outline, Rules and Awards

In light of the COVID-19 Pandemic and New Jersey's associated restrictions along with New Jersey's current regulations for recreational striped bass fishing, MRMTC has considered numerous options for holding the 2020 Spring Striped Bass Tournament including cancelling the tournament altogether. After much evaluation of the alternatives, MRMTC has decided to proceed with the tournament, albeit under a set of conditions that are considerably different than our striped bass tournaments of the past. The underlying theme in the discussions to proceed with the tournament was "how to conduct the tournament in a manner that minimizes chances for exposure to the COVID-19 virus for participants, tournament directors, dock personnel and others, and that complies with current COVID-19 restrictions." For the purpose of communicating to all MRMTC members the conditions under which the tournament will proceed, it was decided to prepare a single document which provides the Outline, Rules and Awards for the 2020 Spring Striped Bass Tournament.

### COVID-19 Statement

The safety, health and well-being of our officers, trustees, members, families, friends, guests, and the general public will always be our primary goal. To reduce the risk of COVID-19 exposures at Manasquan River Marlin and Tuna Club (MRMTC) member events, tournaments and gatherings (functions), we have developed a MRMTC COVID-19 Health & Safety Plan. That plan is available for viewing at: [mrmtc.com/covid19/](http://mrmtc.com/covid19/)

### NJDEP/ NJ Division of Fish & Wildlife

#### **COVID-19 Fishing Guidelines (April 3, 2020)**

Consistent with Governor Murphy's orders that all New Jerseyans practice social distancing in order to limit the spread of Coronavirus (COVID-19), **anglers must fish alone or with immediate family members and cannot fish in groups of any size (no matter how small), either on land or by boat. A minimum six-foot social distance between anglers must be maintained at all times.**

Anglers **MUST NOT** congregate in parking areas, boat ramps or at popular fishing locations. Conservation Police Officers, New Jersey State Park Police, and DEP staff are actively monitoring our parks and natural areas to ensure that individuals enjoying our natural resources are maintaining social distance. **Any groups encountered will be instructed to disperse to maintain social distance, and if they do not comply, tickets will be issued by law enforcement.**
