Boats may also declare a fishing day via the MRMTC App available in the App store or Google Play Marketplace - same time constraints to declare fishing day as for call in.

18. Once a boat leaves the inlet, assistance of any nature for the purpose of enhancement of or continuation of fishing may not be rendered to that vessel. Fish caught by a member who is being paid as a crew member, i.e. a mate, captain, etc. during the course of a fishing trip, are not eligible for any awards.
23. The Jack Meyer Trophy will be awarded on the basis of highest number of points accumulated during the declared fishing days. The two heaviest tuna from the declared fishing days will be used to determine the winner. Points are calculated as such: Tuna – One point per pound for the two largest tuna (Yellowfin, Longfin, bigeye, and Bluefin).
24. In the event of a tie in the Points Category, the boat accomplishing its total points first will be declared the winner. This determination will be based upon the day and time of catch during the declared fishing day. Remember to record time of catch on the Weigh Slip.
25. The tournament may be altered, cancelled, postponed or extended to other dates at the discretion of the Tournament Committee.
26. All interpretations of the Rules and decisions by the Tournament Committee are final.
